

1
00:00:00,000 --> 00:00:10,350

2
00:00:10,350 --> 00:00:12,060
Nuremberg is left behind.

3
00:00:12,060 --> 00:00:15,540
Our good buses are southward
bound and we are on the road

4
00:00:15,540 --> 00:00:16,890
again.

5
00:00:16,890 --> 00:00:18,690
These roads are not
yet up to the mark

6
00:00:18,690 --> 00:00:20,460
of what the big
automobile roads will

7
00:00:20,460 --> 00:00:24,330
be that are under construction,
but sturdy enough,

8
00:00:24,330 --> 00:00:26,595
although a bit narrow
when cyclists are around.

9
00:00:26,595 --> 00:00:30,080

10
00:00:30,080 --> 00:00:33,320
Following the leading bus with
the luggage trailing on behind,

11
00:00:33,320 --> 00:00:36,120
we have long ceased
to worry about it.

12
00:00:36,120 --> 00:00:38,780

We sailed into
Rothenburg ob der Tauber,

13
00:00:38,780 --> 00:00:41,540
one of the most beautiful
old towns in the world.

14
00:00:41,540 --> 00:00:45,800
It stands today just as it did
in the 14th and 15th century.

15
00:00:45,800 --> 00:00:53,410

16
00:00:53,410 --> 00:00:56,620
Gable upon gable,
shops and dwellings

17
00:00:56,620 --> 00:00:59,980
of artisans and
craftsmen still today

18
00:00:59,980 --> 00:01:03,700
proclaiming the fundamental
importance of handicraft

19
00:01:03,700 --> 00:01:06,000
as the basis of
all economic life.

20
00:01:06,000 --> 00:01:16,580

21
00:01:16,580 --> 00:01:18,080
We stopped at the
[? Markus Storm ?]

22
00:01:18,080 --> 00:01:24,710
Inn and our official director
unofficially confirms,

23
00:01:24,710 --> 00:01:27,125
Mr. Abernathy has it

out with the birds.

24
00:01:27,125 --> 00:01:35,020

25
00:01:35,020 --> 00:01:39,190
And after lunch, we complied
with the clarion call

26
00:01:39,190 --> 00:01:41,830
of all aboard again.

27
00:01:41,830 --> 00:01:46,990
Augsburg and the
Fuggerei, a forerunner

28
00:01:46,990 --> 00:01:50,140
of today's modern
worker settlements

29
00:01:50,140 --> 00:01:54,370
founded by Jakob Fugger
about 400 years ago.

30
00:01:54,370 --> 00:01:57,455
Age had its charms,
thinks Mr. Schatz.

31
00:01:57,455 --> 00:02:00,530

32
00:02:00,530 --> 00:02:03,440
And we parted from Augsburg
steering still further

33
00:02:03,440 --> 00:02:20,370
South to launch back on the
lake where Hitler was imprisoned

34
00:02:20,370 --> 00:02:25,440
in 1923 because of his political
activities and principles

35

00:02:25,440 --> 00:02:27,960

and where he wrote
his book My Struggle.

36

00:02:27,960 --> 00:02:30,405

A steep climb and we head
for the lake country.

37

00:02:30,405 --> 00:02:55,230

38

00:02:55,230 --> 00:02:59,580

The typical onion-shaped top
of a church on the west side

39

00:02:59,580 --> 00:03:02,160

reminds us that
we are in Bavaria.

40

00:03:02,160 --> 00:03:05,130

Our destination is
the Ammersee, where

41

00:03:05,130 --> 00:03:08,460

we visit an educational
institute and time is given us

42

00:03:08,460 --> 00:03:10,050

to swim and to rest.

43

00:03:10,050 --> 00:03:19,580

44

00:03:19,580 --> 00:03:22,250

Tuned up for further
adventures, we

45

00:03:22,250 --> 00:03:25,880

set our course for the
mountains above the Bavaria.

46

00:03:25,880 --> 00:03:29,180

With our best well-trimmed,
we rode along uphill

47
00:03:29,180 --> 00:03:32,390
and down the hill,
just one large family,

48
00:03:32,390 --> 00:03:35,550
debating the import of
this, that, and the other.

49
00:03:35,550 --> 00:03:38,810
And of course, between
stops, asking questions.

50
00:03:38,810 --> 00:03:49,760

51
00:03:49,760 --> 00:03:51,458
Are you all comfortable?

52
00:03:51,458 --> 00:03:52,250
You look at anyhow.

53
00:03:52,250 --> 00:04:01,580

54
00:04:01,580 --> 00:04:05,660
Villages split by the houses
adorned with flower boxes.

55
00:04:05,660 --> 00:04:17,670

56
00:04:17,670 --> 00:04:22,590
It seems though as if the
good weather is forsaking us

57
00:04:22,590 --> 00:04:26,190
and that Jupiter Pluvius or
whoever is responsible for rain

58

00:04:26,190 --> 00:04:28,140
is about to happen in these.

59
00:04:28,140 --> 00:04:30,658
Clouds back up in
front, and suddenly, we

60
00:04:30,658 --> 00:04:31,950
are in the midst of a downpour.

61
00:04:31,950 --> 00:04:49,770

62
00:04:49,770 --> 00:04:52,740
But on rain follows sunshine.

63
00:04:52,740 --> 00:04:57,000
And with that, we sweep down
into the Valley of Oberammergau

64
00:04:57,000 --> 00:04:59,330
and the Passion Play.

65
00:04:59,330 --> 00:05:20,000
