17. Dear Cilli,

20 April 1946

Tells her about all the packages (food and cigarettes) he sent and requests a list from her about receipt. Do not worry about Maria. An organization called Buccovenian relief sends clothes and food. She lives with Klunghofer in the house and seems to be all right. Wish I could do more for you.

Kisses, Bi

18. Dear Cilli,

13 June 1946

No news about Blanca's mother. Some friends are unable to get a tourist visa for Austria since Washington is very careful with its choice of visas. Another friend is trying to get back to Romania. Write soon.

Kisses, Bi

19. Dear Cilli,

21. Dear Cilli,

25 November 1946

Received letter with Mama's addition from Radantz (except where you report about Mama's experiences in camp.) New packages are leaving by boat. I am absolutely against your taking Mama to you. She has her circle there, her children and grandchildren, and that is why I won't bring her here. Have asked you several times about home and office address. Last letter contains 5th Vienna address.

Kisses, Bi

22. Dear Cilli,

December 1946

Finally got your address—many letters and packages must have gotten lost since I had wrong address. Discussion about care packages.

Kisses, Bi

23. Dear Cilli,

Requests receipt of packages. News about friends going to Palestine. Mama suffers under the fight of the two families she is friendly with.

24. Dear Cilli,

Feels great sympathy with Cilli's teeth trouble since he sees the dentist once a week for tooth infections. Mama moved definitely to the Waldenaus and seems to be more comfortable there. The efforts to get her houseful seems so far without success and she thinks it is a great injustice that the police remain in her house in spite of many empty dwellings.

Kisses, Bi

25-28 about packages sent and contents described. No possibility for him to go to Europe because of a difficult case (he is a doctor). He has to go to Washington weekly.
