Biographical Note

The Institute of National Remembrance - Commission for the Prosecution of Crimes against the Polish Nation (IPN) was established by the Polish Parliament on December 18, 1998 with a special bill. The Institute is headed by the President whose post is independent of the state authorities. The President of the IPN is elected for a five-year term. The Institute started its activities on July 1, 2000. The headquarters of the Institute of National Remembrance is located in Warsaw. There are also eleven Branch Offices of the IPN, established in the cities where Appellate Courts are located, and seven Delegations throughout Poland. The IPN is responsible for gathering, assessing, disclosing and custody of the documentation created between July 22, 1944 and December 31, 1989 by Polish security agencies. The documentation would also include records regarding the Communist, Nazi and other crimes committed against Polish citizens in the period from September 1, 1939 to December 31, 1989, as well as political repressions carried out by officials of the former Polish investigative and justice organs in that time. The documentation concerning the activities of the security organs is also the subject of interest of the IPN. Another major responsibility of the Institute is to investigate Communist and Nazi crimes as well as war crimes and crimes against humanity and peace. The IPN investigates crimes against people of Polish origin, as well as Polish citizens of other origin and other citizens who were harmed in the Polish territories.
