

**Foreign Address and Occupation Index  
RG-67.009M**

**Acc. 2006.A.215**

**Title:** Foreign Address and Occupation Index. 1957-1968.

**Extent:** 540 microfilm reels. (2 groups of files)

**Provenance:** The Foreign Address and Occupation Index (Form G-153) was created to provide Immigration and Naturalization Services (INS) users with the names and addresses of aliens in the United States who were employed in an occupation, city, and time period outside the United States between January 1940 and March 1977. The reels in this collection span from January 1940-January 1968. G-153 index cards were completed by all immigrants aged 18 to 65 (except those who were housewives or children between 1940 and the date of their immigration) who either: (1) Naturalized after October 1, 1957 [in which case, the card will be stamped "NATZ"]; (2) Arrived after September 1957; (3) Adjusted status to permanent resident after September 1957; or (4) Entered as conditional entrants admitted under Sec. 203(2)(7) of the Immigration and Nationality Act. The original records are currently maintained by the History Office and Library of the U.S. Citizenship and Immigration Services (USCIS), which loaned these reels to the United States Holocaust Memorial Museum in January 2006 for the purpose of duplication on the behest of the Museum's Survivors Registry. The reels were duplicated and the originals returned to USCIS in February 2006. The Registry transferred the reels to the Archives in May 2006 for processing.

**Restrictions on Access:** This material can only be accessed in a Museum reading room or other on-campus viewing station. There are no additional access restrictions to this material.

**Restrictions on Use:** Personally identifiable information about persons born less than 100 years ago will not be publicly disclosed, including foreign street address, month and date of birth, Alien Registration number, and U.S. street address.

**Organization and Arrangement:** Arrangement is alphabetical by country, thereafter by city, thereafter alphabetically by trade or occupation. Users are warned that the trades or occupations are very loosely alphabetized and it may be necessary to search throughout a city of residence for a specific card.

**Language:** English

**Preferred Citation:** Standard citation for the United States Holocaust Memorial Museum Collections Division, Archives Branch.

**Scope and Content:** Consists of index cards (Form G-153) completed by all immigrants to the United States aged 18 to 65 (except those who were housewives or children

between 1940 and the date of their immigration) who either: (1) Naturalized after October 1, 1957 [in which case, the card will be stamped “NATZ”]; (2) Arrived after September 1957; (3) Adjusted status to permanent resident after September 1957; or (4) Entered as conditional entrants admitted under Sec. 203(2)(7) of the Immigration and Nationality Act. These index cards indicate all dates and addresses of foreign residence from January 1940 to January 1968 (or the date of immigration) including any time the immigrant may have spent in ghettos or concentration camps.
