Dear Mr. Dembowitz,

As J promised you in my last letter, I have succeeded in finding two children who can sing this Treblinka-song.

On the enclosed record you hear the Treblinka-song, played only by violin on one side and on the other side it is sung by the two children.-

J suppose that if you hear this song, you will think of the time in Ecois. Do you remember, how glad the children were, when you came with your jeep ?

The best way to play this record is, with a very light pick-Up and it starts from the centre to the outside.

Please let us know, if you received our pictures, which I sent you with my last letter.

I wish you for the coming year 1947 all the best and good luck and send you and your family our kindest regards.
